You guys are the main reason I've been inspired to study astronomy and even consider it as a job.

Stanislav Juračka 5 months ago

Hey, I just want to say, that your video about CRISPR inspired me to study molecular biology! Soon I'll be graduating and I am looking forward to a PhD! Thanks for the inspiration! I hope, that one day, I'll be able to help you as an expert in the area you inspired me to be :)

"Trust us, we're liars." That killed me laughing and at the same time you so clearly stated your dilemma. I am so delighted also to see that you try and, that you see yourself. Seeing oneself is perhaps a great piece to being wise. I admire you for this. Truth, honesty is such a precious rarity on this planet of lies... Remembering your other videos about survival, one might argue that lies are necessary for survival and honesty/truth gets you killed: Why would the hunter show their selves, if thry can lie and ..
